

Lake Ndutu

General Information

Site Name: Lake Ndutu

Synonym Name(s):

Site Type: open air

More Info to Site Type:

Discovery Year: 1972

First Description: Clark 1976

Chronological Abstract: Lake Ndutu, together with the adjacent Lake Masek, is geomorphologically a continuation of the Olduvai Pleistocene deposits. The names of both lakes have been used to designate the upper parts of the Olduvai Sequence - the Ndutu and Masek Beds (formerly bed V and bed IVB, respectively); both are soda lakes.
